With more than 60 years of developing solutions to help professional tradesmen improve their work, Johnson products are trusted by professionals worldwide to help them work more accurately, more quickly and more reliably. Over the years, we have built a comprehensive portfolio of leveling, marking and layout tools which includes construction grade lasers and levels. In addition, Johnson is now positioned to offer a broad spectrum of measuring tools including Power Tapes, Long Tapes, Measuring Wheels and Laser Distance Measures. Like every product we supply, Johnson brand measuring tools are designed to offer our targeted end user a high quality tool that represents the highest value finished product available anywhere. Johnson brand measuring tools are designed to meet and exceed the expectations of every customer we supply for ease of use, durability, accuracy and exceptional value. When doing business with us you’ll appreciate our breadth of line and our products’ exceptional every-day dependability, durability and performance. You’ll experience superior customer support, fill rates and lead times.

Take a closer look at what separates Johnson from the rest.
**Power Tape Blade & Hook Anatomy**

- **Blade hooks with more features, more versatility**
  - Multiple rivets hold hook firmly to blade
  - Dual sided flared hook hold blade from top or bottom
  - Flared hook holds firmly for easy measuring
  - Nail slot allows for marking circle or arc
  - All hooks move the thickness of the hook to keep inside/outside measurements the same
  (*on select models*)

- **Nylon Coating**
  - Reduces glare, prevents wear and corrosion

- **Baked-On Paint**
  - Dries hard for extended wear

- **Anti-Rust Bath**
  - Inhibits blade corrosion and rust

- **High Grade Carbon Steel**
  - Ensures uniform blade thickness and resists bending

- **De-burred Edges**
  - Prevent corrosion and rust, while assuring a smooth blade rewind

- **Sharp, Crisp Printing**
  - For easy, accurate reading

- **Fractional Graduations**

- **Double Duty 2-Sided Printed Blade and...**
  - 2-Sided Printed 2-Color Blade

- **Extra Wide Blade**

You'll appreciate these features on select power tape models.
BIG J™ Stainless Steel Case Power Tape

**1807-0025 25’ x 1-3/16”**

- Extra Wide 1-3/16” Big J™ Blade for Maximum Extension
- Blade-Gard™ Nylon Coated Blade Resists Abrasion
- Double Duty 2-Sided Printed 2-Color Blade
- Impact Resistant Ergonomic Co-Molded Rubberized & Stainless Steel Case
- 4 Rivet Self-Adjusting Blade Plate & Extra Wide Flared Tip with 2-Sided Hook

**Bold, attention grabbing and informative packaging graphics in clamshell. Unique package design allows for peghook or free standing presentation.**

Fiberglass Tape Blade Anatomy

Lightweight, flexible and water resistant fiberglass tapes are the perfect solution for measuring over longer distances. Fiberglass tapes are non-conductive and non-corrosive. Open reel tape housings allow them to be easily cleaned when exposed to dirt, sand or mud.

**Fiberglass Strands for Maximum Tensile Strength**
Minimizes blade stretch over long distances.

**Double PVC Coated Blade**
Protects graduations from abrasion and resists damage due to water and dirt. Prevents delamination of blade.

**Embossed Finish**
Reduces glare, prevents blade wear and corrosion.

**Sharp, Crisp Printing**
For easy, accurate reading.

Look for these features on select fiberglass tape models:

- 2-Color Blade: White Inch Scale, Yellow Engineer’s Scale
- Durable Steel End Hook with Loop
- Rugged, High Impact ABS Case
- On Select Models, Gear Drive Provides 3 Times Faster Blade Rewind
BIG J™ Geared Open Reel Fiberglass Tape

Model 1809-0300 is packed in full color display carton

Model 1809-0100 features full color clamshell package

3:1 Gear Drive Speeds Blade Rewind

Durable Steel End Hook With Loop

2 Color Blade: White Inch Scale, Yellow Engineer’s Scale

Comfortable Non-Slip Rubberized Hand Grip

Rugged, High Impact ABS Case

Nylon Clad Steel Tape Blade Anatomy

**High Grade Carbon Steel** ensures uniform blade thickness and resists bending.

**Anti-Rust Bath** inhibits blade corrosion and rust.

**Baked-On Paint** dries super hard for extended wear.

**Nylon Clad** reduces glare of bright sunlight, protects blade from excessive wear and corrosion.

**Sharp, Crisp Printing** for easy, accurate reading.

**Nylon Clad High Grade Carbon Steel Blade Resists Rust**

**De-burred Edges** prevent corrosion and rust, while assuring a smooth blade rewind.

**Durable Steel End Hook with Loop**

**Durable Integral Rollers Prevent Blade Twist**

**Gear Drive Provides 3 Times Faster Blade Rewind**

Look for these features on select fiberglass tape models.
