Taking Measuring to a New Standard

With more than 60 years of developing solutions to help professional tradesmen improve their work, Johnson products are trusted by professionals worldwide to help them work more accurately, more quickly and more reliably. Over the years, we have built a comprehensive portfolio of leveling, marking and layout tools which includes construction grade lasers and levels. In addition, Johnson is now positioned to offer a broad spectrum of measuring tools including Power Tapes, Long Tapes, Measuring Wheels and Laser Distance Measures. Like every product we supply, Johnson brand measuring tools are designed to offer our targeted end user a high quality tool that represents the highest value finished product available anywhere. Johnson brand measuring tools are designed to meet and exceed the expectations of every customer we supply for ease of use, durability, accuracy and exceptional value. When doing business with us you'll appreciate our breadth of line and our products' exceptional every-day dependability, durability and performance. You'll experience superior customer support, fill rates and lead times.

Take a closer look at what separates Johnson from the rest.

Power Tape Blade & Hook Anatomy

Blade hooks with more features, more versatility

- Multiple rivets hold hook firmly to blade
 - Dual sided flared hook hold blade from top or bottom*
 - Flared hook holds firmly for easy measuring*
 - Nail slot allows for marking circle or arc
 - All hooks move the thickness of the hook to keep inside/outside measurements the same
- (* on select models)

You'll appreciate these features on select power tape models

Fractional Graduations

Double Duty 2-Sided Printed Blade and...
2-Sided Printed
2-Color Blade

Extra Wide Blade

BIG J™ Stainless Steel Case Power Tape

Bold, attention grabbing and informative packaging graphics in clamshell. Unique package design allows for peghook or free standing presentation.

Extra Wide 1-3/16" Big J™ Blade for Maximum Extension

Fiberglass Tape Blade Anatomy

Lightweight, flexible and water resistant fiberglass tapes are the perfect solution for measuring over longer distances. Fiberglass tapes are non-conductive and non-corrosive. Open reel tape housings allow them to be easily cleaned when exposed to dirt, sand or mud.

Look for these features on select fiberglass tape models

Embossed Finish reduces glare, prevents blade wear and corrosion

Sharp, Crisp Printing for easy, accurate reading

Double PVC Coated Blade protects graduations from abrasion and resists damage due to water and dirt. Prevents delamination of blade

Fiberglass Strands for Maximum Tensile Strength minimizes blade stretch over long distances

On Select Models, Gear Drive Provides 3 Times Faster Blade Rewind

2-Color Blade: White Inch Scale, Yellow Engineer's Scale

Durable Steel End Hook with Loop

Rugged, High Impact ABS Case

BIG J™ Geared Open Reel Fiberglass Tape

Model 1809-0300 is packed in full color display carton

3:1 Gear Drive Speeds Blade Rewind

Durable Steel End Hook With Loop

2 Color Blade: White Inch Scale, Yellow Engineer's Scale

Comfortable Non-Slip Rubberized Hand Grip

Rugged, High Impact ABS Case

Model 1809-0100 features full color clamshell package

Laser Distance Measure

Unique package design allows for peghook or free-standing presentation.

Simple: 1-Person Operation, Push Button & Measure
Versatile: Calculate Length, Area, Volume, Indirect Heights
Reliable: Sound Activated, 10 Calculation Memory

Designed for:

- Layout & Installation Work • Machinery • Warehouse • Forms
- Carpentry & Landscape • Appraisers • Realtors • Painters

MODEL	PACK	UPC
40-6001	1	049448-060016

Measuring Wheels

Steel Measuring Wheel 3 - Foot

- Sealed, well protected 5 digit counter measures up to 100,000 feet
- Compact fold-down handle with easy lock barrel clamp reduces to half its size for easy storage and portability
- 3/4" tubular steel frame with center aligned handle for stability, safety reflector
- Durable precision ground 11 1/2" diameter rubber tire
- Convenient folding stand

MODEL	PACK	UPC
1801-0300	1	049448-803002

Measuring Wheel 3 - Foot

- 5 digit, easy read, magnified counter measures up to 10,000 feet
- 3 piece square telescoping handle with pistol grip and safety reflector. Extends from 21" to 41"
- Cam locks for adjusting handle to your preferred handle length
- Durable 11 1/2" diameter rubber tire
- Convenient folding stand

MODEL	PACK	UPC
JL0200	1	049448-010004

Compact Measuring Wheel 1 - Foot

- 5 digit, easy read, magnified counter measures up to 10,000 feet
- 3 piece telescoping handle extends from 17" to 38", handy size fits in tool box or briefcase
- Durable 4" diameter rubber tire

MODEL	PACK	UPC
JL0100	1	049448-010059
